Subject: Bathroom Cabinet

Dear Tammy and David,

We are ready to get the bathroom cabinet. I just got word that my bathroom contractors would like to start the project with the little bathroom in the next few weeks. I know that you usually need about 4-6 weeks. I can send in the deposits today - how long will it take for the bathroom cabinet? (Not too long I hope)

Also, it looks just perfect except the very bottom. I am not tiling underneath the cabinet so I don't think we can have the carved/curved base. It looks better that way, but I think a straight standard base is best, perhaps set back a bit from the front of the cabinet.

**I am still so thrilled each time I walk by the book cases. They are beautiful and we are really enjoying them.**

Thanks and we look forward to hearing from you soon.
